

Our Five Star Reviews

All of my experiences have been over the top with this Salon. Robert is an incredible stylist, kind, caring, and very accommodating. His assistant is so attentive and friendly. You feel like family in his salon. I have nothing but high praises for everyone. !!!!!

It took me 4 years, but I finally found Robert's a couple of years ago. Best Salon I have ever been to. Robert's talent is second to none, and I trust his recommendations 100%. I love that he gives it to me straight. My only complaint is that when I am trying to catch a nap during my glaze, they are all too loud visiting and laughing with the clients.....yea. That's pretty cool, too. They go above and beyond.....never take you for granted.

I have gotten so many compliments on my hair and can't thank Robert enough. Such a great and friendly place!

This was the most wonderful experience!! Robert worked his magic on my hair - an updated look in no time. Within hours I was getting compliments and giving out his number. The Salon was relaxing and staff was incredibly friendly. I wished I lived closer because I would be there every month, but I will definitely call when I'm in town next!

Finding Robert's of course has been a huge blessing for me! From the moment I walked in accidentally in this salon I felt my hair and I were well cared about. I had very damaged hair and it's very thin. Robert asked for me to condition for a week at least before he would do my hair. I was blown away that someone really cared about my hair....other than just getting a client and getting paid! Robert is a true artist and caring person! My hair now is healthy and exactly colored the way I've been searching for sooo long!!! Everyone at the salon is very nice and Beth is amazing herself*:) Thank You Robert's of Course!!!

Roberts of Course is a fabulous salon in Palm Desert. The owner, Robert, really takes his time to find out what look you are after and also explains what the upkeep will be with each hairstyle. I have my hair colored and cut here and his work is just impeccable. His blow dries and styling are also top notch. I literally never go more than a couple of days without someone complementing me on my cut or color and when I get a blow dry I have had women stop me in the street to ask where I get my hair done. His salon is relaxing, the ambiance is great (it is also an art gallery) and Robert is nice and easy going. I highly recommend this salon.

Great salon! Friendly, fun and the best cut and color I have experienced. It is always interesting to see the art work on display as well. Convenient location with good parking. I highly recommend it!

Robert is an absolute genius when it come to hair and art. He introduced me to a new hair color, new products that leave my hair in perfect condition AND he introduced me to a totally new method of styling my hair. He revolutionized my hair and me. He is charming, humorous and delightful. I give him 6 stars out of 5. Do yourself a favor and go to see Robert. You will be thrilled.

Exactly what everyone wants in their hair stylist/designer. Robert is excellent at giving me the cut and color I ask for, but he's even better when I turn him loose to find the best style and color for me. He's done my hair for 10 years. Now I'm a redhead and it looks more natural than the brown I was born with (according to everyone including my dermatologist).

I have been searching for a talented hair stylist since I moved to Palm Desert. I walked into Robert's of course on El Paseo. Brian cut my hair, it was great. Next month the same thing. It feels wonderful when you find the right person to cut your hair. I feel like I discovered the holy grail. Brian has been consistent for about a year now and I figured that it's about time I gave the man the review that he deserves. I can't recommend Brian enough and can't give him enough stars. I am an entertainer and have to look good on stage or wherever. I am a magician and have to live up to " the elegant trickster " name that I go by. I consider Brian a magician in his field.

I love this salon and I love my hair! Robert has developed for me the color that really suits me, which includes multiple colors, and a hairstyle that is better than anything I've had in years. He also uses organic coloring, which is very important to me for the health of my hair. The staff is totally friendly and it always feels like coming into a big family gathering. Even the clients frequently chat back-and-forth. Love it!

I was walking around this building admiring all of the beautiful Plumerias when Robert himself walked out. We chatted about the flowers, and I needed a cut and color so I decided to take a chance. I am so glad I did. He colored my hair and cut it! It is awesome and super easy to style. It's always the true test when you do style it yourself and it was very easy to do.

Not only is he a professional who knows what he is doing, he is sooo nice and welcoming. I look forward to visiting with him again, not just for a cut, but for a chat! Thanks again Robert, I will see you soon.

New to the area and was looking for someone who is great at color; well I found it here with Robert. He was amazing! He right away knew what I wanted and how to do it. I had long blonde bleached out hair, he toned it down for me and made it look amazing! Couldn't be happier with him and his salon. I lucked out in choosing him as my new color specialist, as well as making a new friend in town. Thank-you again Robert!!!

I've been going to Robert for more years than I admit. He's a caring person and a superior hairdresser! You must go there to experience the welcoming ambience, the artwork and the entire staff because it's

like a family and everyone's great. Unmatched for color, cut and style it's my weekly fun time, everyone there is great.
